

Dedicated Professionals

- Experienced specialists
- Caring and supportive
- Available 24/7

Use *Backup Care Options* to back you up when normal care arrangements fall through and you need to get to work. Our Specialists are always available to find fast solutions to meet your family care needs.

Our carefully selected and contracted *National Provider Network* consists of outstanding child care centers and highly qualified home care professionals available to deliver temporary care for your loved ones.

Affordable Care

- \$2/hour per child for center-based care
- \$4/hour for home care (*rate applies for up to 3 dependents*)
- 100 hours of care through 8/31/2006

When You Need It Most

- Your regular caregiver is unavailable (*including a spouse*)
- Your child or adult family member is ill
- School or day care is closed (*for any reason*)
- Your adult family member is recovering from medical treatment
- Business travel

It's That Simple

Call our toll-free number or submit a request online. You have access to *Backup Care Options 24/7*. We take care of all of the work, finding and scheduling care on your behalf, so you can get to work with confidence, knowing your loved ones are in skilled hands.

It typically takes between 2–4 hours to find the right caregiver for your family. Don't wait until the last minute. Call us as soon as you know you will need care, so we can get started finding a solution that will work for you!

BackupCareOptions

Quality care when you need it most.

WORK OPTIONS GROUP

ChildCare Centers

- **Exceptional facilities**
- **Close to home or work**
- **For healthy children**

If your child thrives in an active environment, consider the benefits of center-based care. These facilities offer a great opportunity for social interaction and structured activities.

To ensure quality care, we require that all centers meet or exceed state licensing regulations and guidelines including: background checks, health and safety standards, and staff to child ratios.

HomeCare forAdults

- **Leading national agencies**
- **24-hour care available**
- **For healthy or mildly ill adults**

Circumstances surrounding adult care can sometimes be challenging to manage. Discover the value of having an experienced caregiver come into the home and relieve you of the work and worry associated with these types of situations.

When your adult or elderly loved one is recovering or in need of temporary assistance, we are here to support your adult and elder care needs.

HomeCare forChildren

- **Qualified professionals**
- **24-hour care available**
- **For healthy or mildly ill children**

Peace of mind comes from knowing that, during a breakdown in regular care, your children are receiving individual attention in a familiar environment.

The advantage of using a home care provider for your family is the security of knowing that your children are in safe hands and comfortable surroundings while you are at work.

We require that all caregivers are FBI background checked, CPR/First Aid Certified, licensed, insured and experienced in child care.
